Grenville Court II

Grenville Court forms part of the renowned Dulwich Estate, and was built between 1957 and 1963 to a design by Austin Vernon and Partners. This two-bedroom apartment sits on the ground floor at the quiet rear of the block, surrounded by the mature trees and landscaped gardens that the estate is known for.

These apartments were intended to provide high-quality housing for working professionals, and as such were finished with lovely hardwood floors and Crittal windows that span almost the length of the living space and rotate on a central axis to create a prevailing sense of space and light. This flat was lovingly restored by its current owner, returning its mid-century charm with sensitive modern additions in the kitchen and bathroom.

The communal areas in these blocks are extremely well-considered, and a set of steps leads to the raised ground floor. Inside the apartment, a small lobby leads to the large living space. The current owner has reinstated the sliding doors that separate the kitchen, which is smartly fitted in white.
