The Hall III

Located on the popular Cator Estate in Blackheath is this fine example of a three-bedroom Span house with private garden. Forming part of The Hall, the house was designed by Eric Lyons in 1958.

The open-plan living space is accessed via a well-proportioned entrance porch and has solid oak flooring throughout. Large picture windows flood the space with light. At the front there is a gas wood-burner and at the rear, an area with space for a dining table. An original glass divider separates the dining area from the kitchen and both provide access to the rear garden. The open staircase leads to a master bedroom with built-in wardrobes, two further bedrooms and a bathroom.

Eric Lyons' Span developments are renowned for their space, light and attention to the surrounding landscape. Through communal greens and interactive spaces Lyons sought to promote community living without the compromise of privacy.
