Newbury Close

This four-bedroom mid-century Modern house was designed in the 1960s by Cambridge-based architects, Lyster, Grillet & Harding, and is located within a conservation area in the popular Hertfordshire market town of Bishop's Stortford.

The house has recently undergone a thoughtful modernisation by the owner, an architect, retaining a number of original features such as timber ceilings, woodblock flooring and a fascinating concrete spiral staircase

Internal accommodation extends to approximately 1,365 sq ft and is arranged over three levels. On the ground floor is an open-plan kitchen/diner with quartz worktops and Smeg appliances. Large glazed sliding doors provide access to a substantial paved garden with raised beds and mature trees. There is a separate WC and utility room with independent access to and from the garden.
