

THE MODERN HOUSE

*Crescent Road, London N8
Sold*

Highgate Spinney III

Favourably located on the Highgate side of Crouch End, within a short walk of the Broadway, this exemplary two-bedroom maisonette occupies the upper floors of one of the area's most sought-after Modernist buildings.

Highgate Spinney was built between 1964 and 1966 to a design by the noted architects John Howard and Bruce Rotherham. It consists of 30 apartments in a secluded position, surrounded by trees and communal gardens.

This particular apartment is the finest we have seen on the development. It has been refurbished with great attention to detail by the architects Gemma Douglas of Herzog & de Meuron and Jim Heverin of Zaha Hadid Architects, who have brought it up to modern standards while respecting the original intent. The glazing has been replaced with double-glazed units in the same configuration, both the kitchen and bathroom have been refurbished in recent years, and electric heaters have been added, along with underfloor heating in the bathroom.
